Solar Industries signs \$1.355bn Omnia acquisition

Solar SA Investments signed definitive agreements on 14 September 2026 to acquire all outstanding shares of Johannesburg-listed Omnia Holdings Ltd in an all-cash transaction valued at approximately \$1.355 billion or ₹12,951 crore. The transaction requires customary regulatory and shareholder approvals, with completion targeted for early to mid-2027.

THE READ

This outbound acquisition significantly expands Solar Industries in global mining and explosives without equity dilution. Dealmakers must plan for multi-jurisdictional competition approvals and subsequent delisting mechanics.

Supreme Court allows Chitra Ramkrishna CBI prosecution

On 15 September 2026, the Supreme Court refused to interfere with the Delhi High Court dismissal of Chitra Ramkrishna's challenge against her CBI prosecution under the Prevention of Corruption Act in the NSE co-location matter. The Court left trial issues open for determination by the competent court.

THE READ

This decision preserves high-level accountability and institutional governance oversight for key market leadership. Securities professionals should anticipate rigorous judicial scrutiny over exchange administration conduct.

IBBI publishes Sanjeevini Medlife resolution plan approval

The IBBI recorded the NCLT Bengaluru Bench approval of the resolution plan for Sanjeevini Medlife Hospitals India Private Limited under case I.A. Plan No. 02/2025 on 14 September 2026. The published notice omits the identity of the successful resolution applicant and the specific financial plan value.

THE READ

While confirming corporate rescue progress in the healthcare sector, the lack of disclosed financial metrics limits immediate valuation benchmarking. Resolution applicants must monitor transparency standards in institutional filings.

SEBI proposes MII disaster recovery rules

SEBI issued a consultation paper on 15 September 2026 proposing measures to strengthen business-continuity planning and disaster-recovery frameworks for market infrastructure institutions. The consultation invites public comments from exchanges, clearing corporations, and depositories.

THE READ

Regulated entities face heightened operational compliance burdens regarding systemic resilience and backup infrastructure. Market intermediaries must prepare for stricter technology auditing standards.

THE THROUGH-LINE

Cross-border expansion, enforcement oversight, and regulatory resilience dominated the corporate and securities landscape this week. Supreme Court interventions and SEBI proposals signal a tightening compliance environment across exchange administration, insolvency pipelines, and market infrastructure. Dealmakers and boards must proactively align governance frameworks with these intensifying regulatory expectations.
