M&A · IIFL FINANCE BOARD

Promoters spend ₹1,200 crore defending IIFL Finance stake

On 10 November 2026 The Economic Times reported that Blackstone is set to take about 15% of IIFL Finance through a roughly ₹5,000 crore infusion by way of compulsory convertible preference shares, with board approval expected the same day. Promoters Nirmal Jain and R Venkataraman are reported to be investing ₹1,200 crore through warrants to keep a combined holding near 25%, with about ₹100 crore linked to Rohit Kothari's Anchorage Capital still to be confirmed in the company filing.

WHO IS EXPOSED · WHAT TO CHECK

Promoters of listed companies raising growth capital are exposed: an investor of this size brings dilution and a board seat. This week, check what your shareholders' agreement says about anti-dilution rights and how much cash you could realistically commit to defend your holding.

SECURITIES · SEBI

SEBI clears MakeMyTrip India IPO that pays the parent

SEBI issued its final observations on the proposed IPO of MakeMyTrip India Ltd on 6 November 2026, and the clearance became public on 9 November. The selling shareholders are expected to be Nasdaq-listed MakeMyTrip and its Singapore subsidiary ibibo Group Holdings, so the sale proceeds go to the parent entities rather than into the Indian operating company, which remains a subsidiary.

WHO IS EXPOSED · WHAT TO CHECK

NRIs and foreign-parented groups planning to list an Indian arm are exposed: an offer for sale means the money leaves at the parent level and minority investors buy into a subsidiary. Check this week whether your Indian entity's related-party contracts and cash flows with the parent are documented well enough to survive public-market scrutiny.

IBC · NCLT HYDERABAD

NCLT pools Panduranga and GMP insolvencies into one estate

In an order reported on 9 November 2026, NCLT Hyderabad directed substantive consolidation of the insolvency processes of Panduranga Energy Systems Pvt Ltd and its corporate guarantor GMP Infrastructure Pvt Ltd, both initiated by Union Bank of India. Union Bank, Indian Bank and Canara Bank hold identical admitted claims of ₹2,131.68 crore in each case, and the 116 MW power plant belongs to Panduranga while its land belongs to GMP, so the tribunal combined assets, liabilities and creditor committees to prevent a value-destroying split sale.

WHO IS EXPOSED · WHAT TO CHECK

Promoters who keep a plant in one company and its land in another, with the second guaranteeing the first, are exposed: lenders can now ask the tribunal to treat both as a single estate. This week, map every intra-group guarantee and confirm which family company holds the land under your operating assets.

ARBITRATION · DELHI HIGH COURT

Delhi HC revives MMTC's ₹71.25 crore claim against PAMP

By a judgment dated 3 November 2026 and reported on 9 November, the Delhi High Court partly set aside an arbitral award in MMTC Ltd v PAMP Holding Mauritius Ltd concerning their joint venture MMTC-PAMP India Pvt Ltd. The tribunal had rejected MMTC's claims over ₹71.25 crore paid to PAMP and MKS Switzerland SA for gold sourcing and licence fees without separately deciding whether the majority shareholder breached a good-faith duty, so that question is reopened, though no money has been awarded.

WHO IS EXPOSED · WHAT TO CHECK

Minority joint-venture partners and family offices in JVs with a dominant foreign shareholder are exposed: fees the majority charges the JV can be attacked as a good-faith breach even where the contract permits them. Check this week whether your shareholders' agreement carries a good-faith or fair-dealing clause and whether payments to the majority's affiliates would pass that test.

TAX · COURT

Dell's ₹8.72 crore tax ruling surfaces in fresh reports

A court ruling in a ₹8.72 crore tax dispute involving Dell was reported afresh in the week of 9 November 2026. The judgment itself is dated 29 October 2026, so the coverage is new but the decision is not.

WHO IS EXPOSED · WHAT TO CHECK

CFOs of Indian subsidiaries of multinationals are exposed: tax disputes of this size turn on documentation that often sits with the overseas parent. This week, pull the list of open tax demands against your company and confirm who holds the supporting records for each one.

THE THROUGH-LINE

Every item today is about money sitting between two layers: promoter and investor, parent and subsidiary, borrower and guarantor, joint venture and majority owner. If you cannot say which entity in your group holds the asset, the guarantee and the cash, a court or an investor will decide it for you.

If any of these touches your company or family, message me the number. I will tell you where you stand.
