M&A · BSE DISCLOSURE

MosChip buys 73% of Vayavya Labs for ₹266.71 crore

On 28 October 2026 the MosChip Technologies board approved a share-purchase agreement for 73% of Vayavya Labs Private Limited, paying ₹154.52 crore in cash and ₹112.19 crore through a share swap. The swap issues 50,50,686 preferential shares at ₹222.14 each to 69 selling shareholders, with the remaining 27% to be acquired after 31 March 2028, all subject to approvals.

WHO IS EXPOSED · WHAT TO CHECK

Promoters and founders selling a stake for listed-company shares are exposed, because paper consideration carries lock-in and price risk until the preferential issue is approved. Check this week whether your own earn-out or deferred-stake clauses fix the future price or leave it open.

SECURITIES · SAT

SAT orders MCX to refund ₹1.76 crore to Ventura

In Ventura Securities Limited v. Multi Commodity Exchange of India Limited, Appeal No. 363 of 2026, the Securities Appellate Tribunal set aside a ₹1.49 crore position-limit penalty, as reported on 28 October 2026. The bench of Justice P.S. Dinesh Kumar, Meera Swarup and Dr Dheeraj Bhatnagar directed MCX to reverse ₹1.76 crore including GST and pay ₹1 lakh in costs, noting the SEBI circular capped the penalty at ₹2 lakh.

WHO IS EXPOSED · WHAT TO CHECK

Brokers and trading members who have paid exchange penalties without challenge are exposed, since the cap here was ₹2 lakh against a ₹1.49 crore debit. Pull every exchange penalty debit from the last three years this week and check each one against the SEBI circular cap.

INSOLVENCY · NCLT CHENNAI

NCLT Chennai rejects Carlsberg insolvency plea against Accord

NCLT Chennai rejected an insolvency petition by Carlsberg against Accord over ₹3.06 crore in bottle charges, as reported on 28 October 2026. The report confirms the dispute and the outcome but not the full corporate names or the tribunal's reasoning.

WHO IS EXPOSED · WHAT TO CHECK

Suppliers using insolvency petitions to collect disputed trade dues are exposed, because a contested invoice is not a debt the tribunal will admit. Check this week whether any demand notice you have issued rests on a bill the buyer has already disputed in writing.

TAX · DELHI HIGH COURT

Delhi HC quashes DLF TDS demand on HUDA charges

The Delhi High Court quashed a TDS demand raised on DLF Home Developers over external development charges paid to the Haryana Urban Development Authority, carried in the 28 October 2026 roundup published on 29 October. The demand amount, assessment years and the court's precise reasoning are not stated in the available report.

WHO IS EXPOSED · WHAT TO CHECK

Real estate developers and their CFOs who pay development charges to state authorities without deducting tax at source are exposed to similar demands. Check this week whether any open TDS notice on statutory charges paid to a government body can now be contested on this ruling.

LEVY · KARNATAKA HIGH COURT

Karnataka HC shields Zee and JioStar from cine cess

The Karnataka High Court barred coercive action against broadcasters including Zee and JioStar in their challenge to a 2% cine cess, as reported on 28 October 2026. The order is interim protection only and does not strike down the levy.

WHO IS EXPOSED · WHAT TO CHECK

Media, broadcasting and entertainment businesses facing state-level percentage levies are exposed, because interim relief stops recovery but the liability may still crystallise later. Check this week whether you are provisioning for the cess in your accounts while the challenge runs.

THE THROUGH-LINE

Every item today is about money being pulled out of or locked into a business by a forum rather than by the market, whether a penalty reversed, a petition refused, a tax demand quashed, a levy paused or equity swapped for a target. For an owner the lesson is that the forum and the paperwork decide the number, so the documents you sign and the deadlines you watch matter more than the headline.

If any of these touches your company or family, message me the number. I will tell you where you stand.
