TAKEOVERS · SEBI OPEN OFFER FRAMEWORK

Natura Hue-Chem promoter sale triggers 26% open offer

On 28 October 2026 Kanika Chahal and Anuj Chahal agreed to buy 6,43,600 shares, a 15.53% stake, from the existing promoters of Natura Hue-Chem at ₹24 per share. The deal triggers a mandatory open offer, the rule that a buyer taking control must also offer to buy from public shareholders, for up to 10,77,778 shares or 26% at ₹42 per share, and the Chahals will become promoters.

WHO IS EXPOSED · WHAT TO CHECK

Promoters selling control of a listed company and public shareholders in small caps are exposed here. Check this week whether any stake sale you are negotiating crosses the control threshold and how the offer price to the public will compare with your negotiated price.

DEALS · BOARD SCHEME, NCLT SANCTION PENDING

TVS Motor approves 1:1 finance arm demerger

On 28 October 2026 the board of TVS Motor Company approved demerging its consumer finance business into a separately listed company, with shareholders to receive shares on a 1:1 basis. The board also approved a ₹530 crore acquisition of STPL, which adds roughly 2.4% to the group holding in TVS Credit.

WHO IS EXPOSED · WHAT TO CHECK

TVS Motor shareholders and promoter families planning their own group restructurings are exposed. Check this week that any share entitlement or valuation you are relying on rests on a scheme sanctioned by the NCLT, the company law tribunal, and not just a board approval.

TAX · COMMISSIONER APPEALS, GST

Aditya Ultra Steel loses ₹4.54 crore GST appeal

On 27 October 2026 Aditya Ultra Steel Ltd reported losing its appeal before the Commissioner Appeals against a GST demand of ₹1.92 crore plus a ₹2.62 crore penalty, totalling ₹4.54 crore. The dispute concerns input tax credit, the GST paid on purchases that a business offsets against its own tax, claimed in FY2018-19 from five suppliers the department calls dummy, and the company intends to appeal to the GST Appellate Tribunal.

WHO IS EXPOSED · WHAT TO CHECK

Manufacturers and traders who claimed credit from suppliers they cannot fully vouch for are exposed. Check this week that you hold transport proof, payment trails and supplier GST returns for every large credit claimed from FY2018-19 onward.

SECURITIES · SEBI, POSSIBLE SAT APPEAL

Avadhut Sathe weighs SAT challenge to ₹546 crore refund

A 28 October 2026 report says Avadhut Sathe is considering a challenge before the Securities Appellate Tribunal, the body that hears appeals from SEBI, against a SEBI final order directing a refund of ₹546.17 crore. Coverage of the underlying final order dates to 24 October 2026 and no appeal has yet been reported as filed.

WHO IS EXPOSED · WHAT TO CHECK

Anyone earning fees from market training, tips or advisory services outside a SEBI registration is exposed. Check this week that every fee stream linked to market advice is covered by the right SEBI registration, because a refund direction reaches the full amount collected.

ENFORCEMENT · PROVISIONAL ATTACHMENT

Electrotherm assets of ₹43.65 crore provisionally attached

Electrotherm faced a provisional attachment of assets worth ₹43.65 crore made on 25 September 2026 and reported on 2 October 2026. A provisional attachment freezes assets before any final finding of wrongdoing and this item is older than the rest but is the only quantified enforcement action verifiable today.

WHO IS EXPOSED · WHAT TO CHECK

Promoters of companies with pending investigations and lenders secured on those assets are exposed. Check this week whether any attachment or freeze notice has reached a group company and what the deadline to contest it is.

THE THROUGH-LINE

Every one of today's items moved money on paper before any court spoke: a share purchase agreement, a board resolution, an appellate rejection, a refund direction, an attachment notice. For a business owner the lesson is that your exposure is set by the document you sign or receive this week, not by the hearing that may come months later.
