# NCLT freezes Byju's K3 asset auction

On 7 September 2026, the Bengaluru NCLT ordered status quo over K3 Education assets in Kritikal Solutions Pvt. Ltd. v. Byju's K3 Education Pvt. Ltd. Kritikal Solutions alleged that assets valued at approximately ₹150 crore were auctioned for about ₹16 crore to Comprint Tech Solutions, and the tribunal restrained further alienation until at least 21 September 2026.

## THE READ

*The order is a direct interruption of asset monetisation in Byju's insolvency process. It puts valuation, ownership and the resolution professional's auction authority under immediate scrutiny.*

# Shree Naman secures ₹1,800 crore hotel resolution

On 7 September 2026, the Mumbai NCLT approved Shree Naman Developers' combined ₹1,800 crore resolution plans for Gstaad Hotels Pvt. Ltd. and Neo Capricorn Plaza. The plans allocate ₹1,611 crore to Gstaad Hotels, owner of the JW Marriott Hotel in Bengaluru, and ₹189 crore to Neo Capricorn Plaza, owner of Crowne Plaza Pune, both promoted by the Deepak B. Raheja Group.

## THE READ

*This is a substantial hotel-sector insolvency acquisition with reportedly high recoveries against admitted liabilities. It strengthens the case for distressed hospitality assets as credible institutional deal opportunities.*

# Supreme Court reopens Equinox insolvency challenge

On 7 September 2026, the Supreme Court issued notice on Canara Bank's challenge to the NCLAT decision setting aside admission of its Section 7 IBC petition against Equinox India Developments Ltd. The matter, formerly involving E-Syndicate Bank and Indiabulls Real Estate Ltd., is listed under Diary No. 36294/2026 before Justices J.B. Pardiwala and K. Vinod Chandran.

## THE READ

*The notice revives apex-court scrutiny of the reversal of a major real-estate insolvency admission. The eventual ruling could clarify the threshold and procedural discipline governing Section 7 admissions and appellate intervention.*

# SEBI eases disclosures for G-Sec-only FPIs

On 7 September 2026, SEBI issued a circular removing the requirement for foreign portfolio investors investing exclusively in Indian government securities to furnish investor-group details. The measure applies to FPIs whose portfolios are limited to Indian government securities and is framed as a capital-markets compliance relaxation.

## THE READ

*The change reduces onboarding and continuing-disclosure friction for sovereign-debt investors. It makes India's government-bond market more operationally attractive to institutions without broadly diluting the FPI disclosure framework.*

ENFORCEMENT · PMLA

05 / 05

# ED searches premises linked to Nadimul Haque

On 7 September 2026, the Enforcement Directorate searched seven premises in Delhi, West Bengal and Jharkhand linked to TMC Rajya Sabha MP Mohammad Nadimul Haque. The searches covered Akhbar-E-Mashriq Pvt. Ltd., its Kolkata office and a Delhi government residence used as a temporary TMC office, in a PMLA investigation arising from a Bidhannagar Police Commissionerate FIR.

## THE READ

*The searches mark an escalation from allegations to active evidence-gathering in a politically sensitive PMLA investigation. The next risk points are seizure, attachment and questioning involving the parliamentarian and associated media and corporate entities.*

## THE THROUGH-LINE

This cycle shows legal strategy moving from headline disputes to control over assets, admissions and evidence. Insolvency courts are testing the boundaries of monetisation and appellate reversal, while SEBI is selectively lowering friction for sovereign-debt capital. Enforcement activity adds a parallel reminder that corporate structures, funding trails and public influence remain exposed to regulatory scrutiny.
