SEBI lets NRIs finish securities KYC from abroad

On 4 November 2026 SEBI issued a circular allowing eligible NRIs, OCIs and foreign nationals located in FATF-compliant countries to complete digital KYC with SEBI-registered intermediaries without being physically present in India. The relaxation takes effect on 3 December 2026, and PAN, passport, OCI documentation and verification requirements remain.

WHO IS EXPOSED · WHAT TO CHECK

NRI family members and family offices onboarding overseas relatives into Indian broking, mutual fund or demat accounts are the ones affected. Check this week whether any planned India trip exists only for KYC and whether your broker or fund house has confirmed its process for the 3 December start.

INSOLVENCY · IDBI BANK

IDBI moves to tag liquidated Ushdev International as fraud

On 5 November 2026 IDBI Bank published a show-cause notice in newspapers after its notice initiating fraud-classification proceedings against Ushdev International Ltd could not be delivered. The company was ordered into liquidation by NCLT Mumbai on 16 October 2025, and the fraud tag remains a proposal under the RBI fraud-risk framework, not a final finding.

WHO IS EXPOSED · WHAT TO CHECK

Former directors, promoters and personal guarantors of group companies already in liquidation are exposed, because a fraud tag follows the people and their future borrowing, not just the dead company. Check this week whether any lender notice to an old group entity has gone to a stale registered address and sits unanswered.

COMMERCIAL · BOMBAY HIGH COURT

Bombay HC quashes ₹40 lakh decree over unserved summons

On 4 November 2026 the Bombay High Court, in Vipul D. Shah v. Dinesh D. Shah as karta of Dinesh Kumar Babulal HUF, set aside an ex parte decree of ₹40,18,890 on an alleged ₹25 lakh loan because valid service of summons and the evidence behind the claim were not established. The suit returns for a hearing on merits and the alleged debt itself has not been extinguished.

WHO IS EXPOSED · WHAT TO CHECK

HUF kartas and business owners sitting on one-sided money decrees, meaning judgments won because the other side never appeared, are exposed. Check this week that every such decree in your files carries proof of proper service of summons, since without it the win can be undone years later.

FUNDRAISE · BSE

Wardwizard Healthcare allots ₹10.87 crore warrants, promoters included

On 4 November 2026 Wardwizard Healthcare Ltd allotted 1,08,70,000 fully convertible warrants at ₹10 each to seventeen promoter and non-promoter investors, including 42,00,000 to promoter Yatin Sanjay Gupte and 18,00,000 to Sheetal Mandar Bhalarao. Only ₹2,71,75,000, or 25 percent, was paid upfront, with ₹8,15,25,000 due on conversion by 4 May 2028.

WHO IS EXPOSED · WHAT TO CHECK

Minority shareholders and promoters of listed smallcaps that fund through warrants are exposed, because ownership shifts only on exercise and every conversion dilutes those who did not subscribe. Check this week whether any warrant in your company or portfolio is nearing its 18-month deadline and whether the promoter actually intends to pay the balance.

ENFORCEMENT · ED

ED raids 13 premises over fake government tender racket

On 4 November 2026 the Enforcement Directorate Agartala Sub-Zonal Office searched 13 premises across Tripura, West Bengal and Maharashtra under PMLA, the anti-money-laundering law, in an alleged racket of fabricated government tenders and earnest-money deposits, following a complaint by S.K. Sales Corporation over about ₹14.55 crore. Named alleged participants include suspended IAS officer Abhishek Chandra and Utpal Kumar Chowdhury, and the agency says it traced funds into property bought in family members' names, including a residential property in Mumbai's Shivaji Park.

WHO IS EXPOSED · WHAT TO CHECK

Family members holding property funded by a relative's business are exposed, since PMLA lets the ED reach assets in their names regardless of who signed the deed. Check this week that any contractor in your group paying earnest-money deposits has verified the tender directly with the issuing department, and that family property has a clean paper trail for its funding.

THE THROUGH-LINE

Each of these turns on a document most owners never read twice: a KYC file, a lender notice, a summons, a warrant subscription, a tender deposit receipt. The business or family that can produce the right paper when the regulator, lender or court asks is the one that keeps its money.
