IBC · NCLAT DELHI

NCLAT frees Polycab from insolvency over ₹2.79 crore claim

On 30 October 2026 the NCLAT in Delhi set aside the NCLT Ahmedabad order of 7 October 2026 that had admitted Polycab India Limited into insolvency on Asier Metals' claim of ₹2,78,70,157 for aluminium ingot supplies. The bench of Justice Yogesh Khanna, Ajai Das Mehrotra and Barun Mitra restored the board's control after Polycab offered to deposit the full amount without prejudice, though the supplier claim itself is not extinguished.

WHO IS EXPOSED · WHAT TO CHECK

Promoters and CFOs of any company with a disputed vendor balance are exposed, because one unpaid supplier can put the whole business under insolvency control at the NCLT even if an appeal later succeeds. Check this week whether any supplier demand notice above ₹1 crore has gone unanswered and put your dispute on record in writing before a petition is filed.

SECURITIES · SEBI

SEBI fines Integra Switchgear and Vora promoters ₹13 lakh

By an adjudication order dated 30 October 2026, SEBI imposed ₹5 lakh on BSE listed Integra Switchgear Limited and ₹8 lakh jointly and severally on 16 promoter group members including Mayurbhai, Deepak and Pankaj Jamnadas Vora, family HUFs and Bimal Switchgear Private Limited. The violations covered shareholding disclosures, promoter classification and takeover disclosures, the order examined inherited promoter shares held by Aashka Sanket Vadalia and Zarna Yogesh Dhruv, and it recorded no investor loss or gain.

WHO IS EXPOSED · WHAT TO CHECK

Promoter families of listed companies, especially where shares have passed by inheritance or sit in HUFs, carry this liability personally and jointly, not just at company level. Check this week that every family member holding promoter shares, including heirs, is correctly classified as promoter in the latest shareholding filing and that any move to public category was disclosed.

ARBITRATION · SUPREME COURT

Supreme Court refers Reliance KG Basin dispute to mediation

On 30 October 2026 a bench of Chief Justice Surya Kant and Justices Joymalya Bagchi and Vipul Pancholi referred the Krishna Godavari Basin gas migration dispute between Reliance Industries, BP Exploration Alpha, Niko and the Union government to mediation before former Justice Ranjana Prakash Desai, assisted by domain experts. The appeals challenge the Delhi High Court's setting aside of an arbitral award in the consortium's favour, the dispute is reported at about ₹12,800 crore, and the Court fixed no deadline but sought a progress update after four weeks.

WHO IS EXPOSED · WHAT TO CHECK

CFOs and promoters carrying a large arbitration award against the government or a public sector buyer in their books are exposed, since an award can be set aside and then pushed into negotiation years later without any payment direction. Check this week how any award receivable is described in your contingent assets and whether a settlement discount has been priced into your numbers.

M&A · STOCK EXCHANGE DISCLOSURE

Tata Motors completes Iveco tender, holds 89.42% stake

Tata Motors Limited told the stock exchanges on 30 October 2026 that the initial settlement of its tender offer for Iveco Group N.V. had completed through its wholly owned subsidiary TML CV Holdings B.V., giving it an 89.42% equity stake. Cash consideration was €14.40 per share, and the exchange report does not state the aggregate amount paid at this settlement.

WHO IS EXPOSED · WHAT TO CHECK

Business owners who supply, distribute or compete with Tata Motors' commercial vehicle business are exposed to a counterparty whose group now includes European vehicle, powertrain and financing operations. Check this week whether your supply or dealer contracts contain change of control, exclusivity or sourcing clauses that this completed acquisition could trigger.

PMLA · ED BHOPAL

ED attaches ₹5.37 crore properties in MP scheme probe

On 30 October 2026 the Enforcement Directorate's Bhopal zonal office announced provisional attachment of immovable properties worth ₹5.37 crore held by former Sironj Janpad Panchayat CEO Shobhit Tripathi and associate Hemant Sahu under the money laundering law. ED alleges ₹30.18 crore was approved and disbursed across 5,923 suspicious cases under Madhya Pradesh's Marriage Assistance Scheme, and the attachment remains subject to statutory adjudication and is not a finding of guilt.

WHO IS EXPOSED · WHAT TO CHECK

Anyone buying, lending against or holding property linked to a person under a money laundering probe is exposed, because a provisional attachment blocks transfer regardless of the buyer's good faith. Check this week that the title search on any pending property purchase includes a check for ED attachment orders and not only the sub registrar's records.

THE THROUGH-LINE

Each of these turns on a paper trail that either existed or did not before the dispute arrived, whether a reply to a supplier notice, a promoter disclosure, a note on an award receivable or a clean property title. The business owner who documents the position this week decides where they stand before a regulator or court decides it for them.

If any of these touches your company or family, message me the number. I will tell you where you stand.
