DEALS · CCI

CCI clears Aditya Birla's ₹17,200 crore Sprng Energy buy

On 31 October 2026 the Competition Commission of India approved Aditya Birla Renewables Limited's purchase of 100% of Solenergi Power Private Limited from Shell Overseas Investment B.V., the holding company of the Sprng Energy business. The roughly ₹17,200 crore figure is the previously announced deal value, and the clearance removes the competition hurdle but does not mean the acquisition has closed.

WHO IS EXPOSED · WHAT TO CHECK

Promoters and CFOs of renewable developers, EPC contractors and lenders holding Sprng Energy contracts are exposed to a change of control, meaning a new owner steps into the counterparty. Check this week whether your power purchase, supply or loan documents give you a consent or exit right when ownership changes hands.

DEALS · CCI

Adani Energy wins CCI nod for ₹3,050 crore IntelliSmart

The Competition Commission of India on 31 October 2026 approved Adani Energy Solutions Limited's acquisition of 100% of IntelliSmart Infrastructure Private Limited from the National Investment and Infrastructure Fund and Energy Efficiency Services Limited. The reported value is ₹3,050 crore, and closing remains subject to the deal's other conditions.

WHO IS EXPOSED · WHAT TO CHECK

Business owners supplying smart meters, installation crews or software to IntelliSmart, and discoms contracting with it, now face a new owner with its own vendor list. Check this week which of your contracts allow assignment to a new owner and whether your pricing and exclusivity terms survive the handover.

DEALS · CCI

CCI approves Sapphire Foods merger into Devyani International

On 31 October 2026 the Competition Commission of India cleared the proposed merger of Sapphire Foods India Limited into Devyani International Limited together with related transactions. The combined KFC and Pizza Hut operator would run more than 3,000 stores with about ₹8,000 crore annualised turnover, though the merger is not yet effective and the report discloses no share swap ratio.

WHO IS EXPOSED · WHAT TO CHECK

Landlords, franchise suppliers and family offices holding shares in either listed company are exposed to the next stage, which is tribunal and shareholder approval of the scheme. Check this week your leases and supply contracts with either entity for merger consent clauses, and watch for the record date that fixes who receives new shares.

PROMOTERS · BSE

Kalind scraps ₹98.99 crore issue, buys promoter-linked gems firm

On 31 October 2026 the board of Kalind Limited withdrew a preferential issue of 8,60,86,956 shares at ₹11.50 each, worth about ₹98.99 crore, citing market conditions and allottees unwilling to proceed, with the application pending before BSE Limited. The same board approved an in-principle fundraise of up to ₹500 crore and a ₹1 crore cash purchase of 100% of Kalind Gems & Diamonds Limited, a company in which Kalind's promoters hold substantial interests and directorships.

WHO IS EXPOSED · WHAT TO CHECK

Promoters and minority shareholders of small listed companies doing related-party deals are the exposed group, since using company cash to buy a promoter business invites audit committee and SEBI scrutiny of whether the price is arm's length, meaning what strangers would pay. Check this week whether any related-party purchase on your own board has an independent valuation and audit committee approval on file before it is announced.

PMLA · ED CHENNAI

ED attaches ₹85.19 crore in Dream Makers deposit probe

On 31 October 2026 the Enforcement Directorate's Chennai office provisionally attached movable and immovable assets worth about ₹85.19 crore in its money-laundering investigation into Dream Makers Global Private Limited. Reports allege the company took deposits, with one report putting collections near ₹400 crore, by promising high daily returns and doubling money within 150 days, though these remain allegations and a provisional attachment is a freeze pending a final decision, not a confiscation.

WHO IS EXPOSED · WHAT TO CHECK

Anyone who invested in, received payments from, or bought property from Dream Makers or its promoters is exposed, because frozen assets cannot be sold or transferred and payouts can be traced as proceeds of crime. Check this week whether any money or property you hold traces back to the scheme and whether you should file a victim claim before the adjudicating authority.

THE THROUGH-LINE

Every item today is a transfer of ownership or control that a regulator has either blessed or frozen, from three CCI clearances to a promoter-linked buyout and an ED attachment. For a business owner the lesson is the same: the paperwork behind who owns what, and on what terms, is now being read by someone other than you.

If any of these touches your company or family, message me the number. I will tell you where you stand.
